### What makes us different?

The people at Kelly Freight Services are not only eager to provide solutions to the transportation challenges that face the Los Angeles area; they are committed to it!

Our friendly team is always here for you no matter the day or time. You can trust and depend on our honest communication, our ability to solve the daily challenges in picking up your shipment and getting it to its final destination on-time and damage-free in the most cost effective, efficient way possible. We love what we do, and it shows!

### Customer Driven.

We are driven by the needs and demands of you, our customer. We take time to understand your requirements in a cartage company and how we can best meet those requirements.

Our goal is to be an extension of your company, because let's face it – when our customer's customer is happy – we're all happy!

### We're Focused On You!

We service the forwarding industry. This is what we have done and will continue to do to the best of our ability. We are focused on the forwarder, shipper and customs broker in the greater Los Angeles area. We provide not only the services they require but also we have earned their trust and their business. So being focused means keeping our eyes on you!

### Technology Savvy.

What does that mean exactly? We don't have technology that replaces people. We have people who know how to use technology! Kelly Freight Services has technology to provide the data you need for your customers for each shipment you entrust to us. Our communication is state of the art because we have the tools to live in real time and we can spread that information between driver and dispatch, customer service and sales and more importantly you, our customer!

Whatever you need, however you need it, that's how our technology works!
